- Atlas V Launch Trip

Note: Due to time constraints, we must be at the Launch Area no later than 9:45 AM. We must all work together in order for our group to be given the opportunity to view the launch. This is a “BIG” deal for the TAC Missileers, and one we will more than likely, never be afforded again. We should feel proud that we have been “invited” to be a part of this launch.

The hotel chef has assured me that all tour participants (136) will be able to enjoy breakfast and be on the buses by the 8:15 AM departure time. The hotel restaurant seats 200 people and extra tables and chairs will be added to “help” get everyone fed. Please keep in mind that there will be other folk trying to get seated, so “wolf” your breakfast down and move out into the hotel lobby area or an area of your choice. Just kidding about the “wolf” terminology, of course, but I’m sure you get my meaning. Max
